The Agency would appreciate receiving brief telegraphic reports of BBC treatment of major news development on a regular basis and as promptly as possible after BBC lines of treatment are discernable. This arrangement would supplement the Agency's regular procedures for obtaining information concerning British policy guidances, which are sometimes hampered by time-lag in receipt from the Foreign Office by the British Embassy and forwarding to the Agency. Please submit brief reports only on BBC treatment of developments of major importance, in accordance with the judgment of the Public Affairs Officer.
